

Cariboo™ Advanced

A to Z and 1 to 10

Can you match all of the letters, numbers, and shapes in the original Cariboo game? Are you ready for more matching challenges? Then you're ready for Cariboo Advanced!

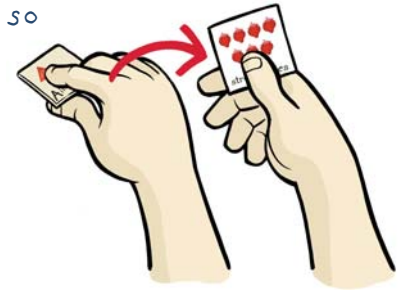

GET READY

1 To switch to the Advanced door cards, open each door with the key, then remove the card by pushing it up from the hole underneath the door.

2 Flip the card over so the new word and illustration are showing.

3 Slide the card back into the slot on top of the door.

4 Set out the Advanced cards. (Don't forget to put away the Beginner cards so they don't get mixed up!)

5 Drop all six balls into the secret tunnels.

HOW TO PLAY

- 1 Draw a card to start your turn.
This game has two types of cards:

Letter Cards

Match a **letter** card to a letter in the word on a door. You can match any letter – it doesn't have to be the first letter of the word. You can also match the color of the letter on your card to the color of things on the door.

Number Cards

Match a **number** card to the number of things on a door. You can also match the color of the number on your card to the color of things on the door.

- 2 Find one door that matches your card, then open it with the key. If you can't find a door that matches your card, it's the next player's turn.

Leave the door open so you know you've looked there already.

- 3 If you find a treasure ball, drop it into the tumbling tidepool.

- 4 Pass the key to the player on your left.

WINNING

When the last treasure ball is placed in the tumbling tidepool, the Cariboo treasure chest will pop open. The player who opened the treasure chest wins!

PLAYING AGAIN

Slide the cover of the tumbling tidepool away from the treasure chest to remove the treasure balls.
